Category A [\$1,875,000]: "Repairing and Modifying Levees and Dikes (including but not limited to, airport levee, levees protecting Adna and Bucoda)."				
Project	Cost	FA Obligated	Chehalis Tribe Concurred	OFM \$\$ In Place
1. Airport Levee (Construct Phase I)	\$1,239,829	7/13/2012	8/10/2012	
2. Adna Levee (Construct Full Project)	\$ 244,145	7/13/2012	7/19/2012	Yes, K1073
3. Bucoda (Preliminary Design, Costing)	\$ 42,000	7/26/2012	8/02/2012	
4. Southside Dike/Levee Certification (Preliminary Engineering Design, Costing)	\$ 50,000	8/31/2012		
5. Burger King Trail/Dike (Preliminary Engineering Design, Costing)	\$ 24,600	8/31/2012		
6. Dike Bank of Wishkah North of Highway (Preliminary Engineering Design, Costing)	\$ 47,000	8/31/2012		
7. Market Street Dike (Preliminary Engineering Design, Costing) ^a	\$ 0	8/31/2012		
8. Wishkah Road (Kersh) Flood Levee (Alternatives Analysis Design)	\$ 125,000	8/31/2012		
9. Revetment to Protect Montesano Rd, Sewage Treatment Plant and Mary's River Lumber (Alternatives Analysis, Preliminary Design)	\$ 102,426	8/31/2012		
Total Obligated →		\$1,875,000		
Total Remaining →		\$ 0		

Category B [\$2,075,000]: "Modification of Sickman Ford Bridge and Floodplain Culverts (to open channel, increase conveyance and offer flood relief)."				
Project	Cost	FA Obligated	Chehalis Tribe Concurred	OFM \$\$ In Place
Total Obligated →		\$ 0		
Total Remaining →		\$2,075,000		

Category C [\$50,000]: "Installation and Calibration of a Rain Gauge on the Chehalis Reservation."				
Project	Cost	FA Obligated	Chehalis Tribe Concurred	OFM \$\$ In Place
1. Chehalis Tribe Flood Gage Station	\$ 50,000	7/2/2012	7/3/2012	Yes, K1069
Total Obligated →	\$ 50,000			
Total Remaining →	\$ 0			

Category D [\$500,000]: "Construction of Evacuation Routes and Pads (to avoid future livestock losses)."				
Project	Cost	FA Obligated	Chehalis Tribe Concurred	OFM \$\$ In Place
1. Lewis County Conservation District Critter Pads ^b	\$ 500,000	(6/19/2012) 8/13/2012	9/06/2012	
Total Obligated →	\$ 500,000			
Total Remaining →	\$ 0			

Category E [\$500,000]: "Improvements to Areas Affected by the Satsop River."				
Project	Cost	FA Obligated	Chehalis Tribe Concurred	OFM \$\$ In Place
1. Satsop River Floodplain Restoration (Alternatives Analysis, Preliminary Design)	\$ 50,000	8/31/2012		
Total Obligated →	\$ 50,000			
Total Remaining →	\$ 450,000			

Notes:

^a Cost-savings realized as a result of combining Grays Harbor County or City of Aberdeen project design activities into single procurements should be passed along for Market Street Dike next stage design needs (project budget is approximately \$113,000).

^b Permits have been received for Brunoff, Larson, Gregory, Kesting and Lawton critter pads. Brunoff, Larson and Gregory will be constructed first, followed by Kesting and Lawton. Dykstra is being designed and permitted as a livestock evacuation route.
